

eCOR: Electronic Course Readings via SLATE

Original presented at the 2017 Sheridan Creates Conference
Updated in 2018

Agenda

- What is eCOR?
- Partners
- eCOR benefits for faculty and students
- How does eCOR work? (live demo)
- Pilot and full launch
- eCOR guide
- Q&As

What is eCOR?

A one-stop electronic course reading service provided by Sheridan Library and Learning Services.

Ares is the software used to facilitate eCOR.

Partners

In collaboration with:

- SLATE Team, CTL – system integration and plug-in development with SLATE
- Enterprise Services System, IT – Course and user data loads from PeopleSoft
- Info. & Communication Tech., IT – User authentication

eCOR Benefits for Faculty

- ✓ Support with locating items in the library collection, scanning, persistent linking, copyright clearance, accessibility, digital access, etc.
- ✓ Customize materials from different sources and update them as needed
- ✓ Check usage statistics of readings
- ✓ Organize readings with tags
- ✓ Re-use selected readings for different courses and across several terms

eCOR Benefits for Students

- ✓ A free alternative to textbooks and course packs for students (cost effective for Sheridan)
- ✓ Access to content on-campus or remotely 24/7
- ✓ Accessibility for students that have difficulty with print materials

eCOR = One-Stop Service

*Locating items in the library collection, scanning, persistent linking, copyright clearance, accessibility, digital access, etc.

Accessing eCOR

1. Via "My Library" Menu

The screenshot displays the Slate LMS interface for a course titled "Psychology 101". The top navigation bar includes the "slate" logo and several utility icons. Below this, a secondary navigation bar lists various course sections: "Help", "Course Admin", "Content", "Assessments", "Communication", "Management", "Resources", and "My Library". A red arrow points to the "My Library" dropdown menu, which is open and shows a list of options. The option "eCOR Course Readings" is highlighted with a red rectangular box. Other options in the menu include "Search the Library", "Databases A-Z", "Research Guides by Program", "Citation (APA, MLA, etc.)", "Chat with the Library", "Tutoring Help", "Academic Integrity", "Copyright Guidance", and "Library Homepage". The main content area features a large banner image with the text "Psychology 101" and an "Announcements" section below it, which currently displays "There are no announcements to display. Create an announcement."

eCOR: Electronic Course Readings

Course reserves are special readings set aside by faculty members for the exclusive use of students in specific courses. The library manages both hardcopy and online course readings. Hardcopy course reserves are held behind the library service desk at each campus. Online readings are available in SLATE, through our eCOR Service. Through eCOR, faculty and students can manage and review the course readings for their own courses in a user-friendly, online environment. To learn more about our hardcopy course reserves, see [Course Reserves \(Hardcopies\)](#).
